Write chords of mixed seventh chords ANSWERS

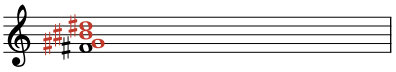

Each staff gives the **lowest note** of the chord. Add the other three to form the chord indicated, in the position asked for (the given note is the root: add the 3rd, the 5th and the 7th above it; the given note is the 3rd: add the 5th, the 7th and the root above it; the given note is the 5th: add the 7th, the root and the 3rd above it; the given note is the 7th: add the root, the 3rd and the 5th above it). The type changes in each exercise: it is shown next to the note.

From easier to harder: natural notes in treble clef, then sharps, flats and bass clef, and finally double accidentals.
